## Course summary

The course is structured in different topics, which are:

- **INDIVIDUAL LEVEL**
  - Introduction to OB
  - Motivation and self-motivation
  - Personality & Interpersonal skills
  - Fulfilling the "professional dream" (Professional Dreamers Project)

- **GROUP AND ORGANIZATION LEVEL**
  - Corporate entrepreneurial mindset
  - Conflict, Negotiation and Intergroup Behavior
  - Group dynamics
  - Emotional and Social Intelligence
  - Followership, Management, Leadership.

## Learning objectives

This course, cognitive but also highly experiential, has been designed to help students understand the behavior of people at work and make the learning process enjoyable. It explores a range of perspectives that explain the dynamics of individual, interpersonal, group, and organizational structure and processes, to make sense of today's organisational world.

## Tutorship activities

Tutors will deliver classes in the lab.

## Lab activities

Stata classes in the lab for basic statistics and regression analysis.

## Other activities besides the course: i.e. seminars and conferences addressed to PhD students and research fellows, dissemination conferences

Seminars for PhD will be delivered.
Visiting Professor Profile
International Profile, Good record of publications in peer reviewed journals, and teaching of the subject as well as good knowledge of business organization and behavior.
