Teach Mob – Visiting Professors Academic year 2017/2018

1 st Term
COURSE TITLE Metaphysics
Scientific area Theoretical Philosophy
Department of Philosophy and Education Science
Language used to teach English
Teaching Commitment: 36 hours
Course summary After an introduction to the peculiar character of metaphysical questions and to the history of metaphysics, understood as the most general and abstract inquiry into the nature of reality, the course focuses on the study of basic metaphysical issues. The course explores classical as well as contemporary readings from a phenomenological and hermeneutical point of view.
Learning objectives The course first aims are to introduce students to central problems of Western Metaphysics and to show how a good approach and methodology in the study of Metaphysics could be.

Visiting Professor Profile The candidate should have an excellent knowledge of general metaphysics, philosophical hermeneutics and German philosophy of the twentieth century.
